Dear sir/madam

Stratford upon Avon Area Transport Strategy

I would like to submit the following views to the consultation taking place related to the Stratford upon Avon Area Transport Strategy.

I place a high regard on protecting the amenity of our local environment and wish to ensure that all potential schemes that can contribute to reducing vehicular traffic are fully and properly considered. I also wish to see more visitors to and from Stratford upon Avon being able to use the train to travel to and from the town .

I wish Warwickshire County Council and Stratford on Avon District Council to seek, promote and pursue with all other interested parties and stakeholders a **GRIP 4 study** that considers reinstating the railway from Stratford upon Avon's existing railway station to the existing branch line at Long Marston and the renewal/upgrade of the line between Long Marston and Honeybourne.

Once such a study has been completed and received then our local authorities and other stakeholders can comprehensively consider if the scheme should be promoted and developed or that it be dismissed.

Thank you for your attention and for accepting my submission.

Please acknowledge receipt of my comments by return.

Yours faithfully
